

MOTAZ DABABSEH

SENIOR SOUND DESIGNER, AUDIO ENGINEER

ABOUT

I have been passionately working with music and audio for 13 years and I'm constantly still learning. I have 3 years of professional full time experience working with Sound Design, Audio Engineering, and Music Composition in the Gaming Industry, I'm a solid team-worker, and a good communicator, and I'd like to further my on-field experience in Interactive Audio Implementation for Games.

WORK EXPERIENCE

FULL-TIME SOUND DESIGNER/HEAD OF AUDIO

Jawaker | June 2021 - Jan. 2024

- Built the Audio Engine and pipeline from the ground up for the leading Card Game in the Middle East, Jawaker, leading the audio process in the company.
- Responsible for Music Production, VO Recording, and Localization for in-game content targeting various countries (Iraq, Egypt, Saudi Arabia) to cater the experience for players in those regions, as well as creating LiveOps content on a regular basis.

FOUNDER/AUDIO SPECIALIST

Mouje Studio | May 2021 - Present

- Managing the production/post production process of various projects in-house and commissioned, as well as recording live sessions and live audio engineering.
- Provided consultation and tutoring services (given Audio Production Workshops).

PROJECTS

JAWAKER'S WORLD CUP RADIO

Live Broadcast Station Service in a Game | June 2023 - December 2023.

- Built the system for broadcasting Qatar's Worldcup Tournament through configuring the servers, **building the Live control setup** as well as **working with developers on the casting service, setting up the microphones** for the commentator while **triggering live crowd effects in real time**

Key stats:

The project resulted in peak **10k concurrent listeners** and a listenership of **over 150k** and an average of **5k concurrent listeners** and generated more than 100k USD in revenue through InApp purchases throughout the whole month-long campaign

Technologies used:

- **Ableton Live**: for real time crowd reactions control using a launchpad
- **Voicemeeter Banana** for complex audio routing management
- **Mixx** for broadcast control
- **Azuracast** service for stream hosting

DATE OF BIRTH

26th, Oct, 1996.
